

DAIS Holiday Band/Orchestra Concert News

Dear Parents/Guardians,

The following contains some information about our upcoming DAIS Band and Orchestra Concert on **Thursday, December 14, 2017 at 7:00 PM** in our auditorium. We have over 300 students participating in this concert and approximately 800 seats in the auditorium. This allows only about two to three people per child for the evening performance. There will be other opportunities for grandparents/friends to view our concert with additional performances on: **Thursday, December 14, 2017 at 9:30 AM and 1:30 PM.**

Please know that we have about 300 extra seats for each of the **daytime** performances. Those attending these performances can park by the red community or by the Special Education Office (flag pole). Your child should wear **dark bottoms and white tops during the day and evening shows.** Students should **arrive at 6:15 PM for the December 15 evening performance.** 4th and 5th grade string students report to the orchestra room. 6th grade string students report to the vocal room. All Band students report to the cafeteria. All students should report to their areas at 6:15pm.

It is extremely important that EVERY student attend the evening performance. If there are conflicts, we should be informed ahead of time. We do hope that this once a year concert is given top priority in regard to your child's attendance. The children have worked very hard and have made some sacrifices in order to participate.

We appreciate your understanding as we work to accommodate everyone for this concert and we look forward to seeing you in attendance.

Sincerely,

Dr. Erin Heffler, Mr. Auen and Mrs. Wertz
